

## Santander Universities SME Internship Programme 2015/16

### Description

The Santander Universities SME Internship Programme is an entrepreneurial internship programme that provides final year students and recent graduates paid work experience within local businesses. Santander is contributing £1500 towards the cost of the internship.

The Programme enables participating local businesses to recruit final year students and graduates (within the last two years) from our partner universities to undertake valuable work. All internships should be 3 months in duration and the intern should receive at least £1,000 per month.

### Target

#### Candidates:

- (a) Candidates must be final year students or have graduated from one of the abovepartner universities in the last two years.
- (b) Students are only eligible for one Santander Universities part-funded SME Internship. Once they have completed the initial three month period, they cannot apply for another partfunded SME internship through the Programme.

#### Companies:

- (a) This Programme is open to organisations with 250 employees or less which have an annual turnover of fifty million pounds or less (“SMEs”). They must be registered and based in the UK.
- (b) Eligible organisations include companies, sole traders, partnerships and charities.
- (c) Participating SME’s can recruit a maximum of 2 interns through each cycle of the programme.

### Type

Internship
